Featuring the Views at Powder Ridge

Micro Weddings at Powder Ridge

Small weddings are trending—and it's not just because they're easier on the wallet. Couples are opting for a more intimate celebration to get quality face time with each guest as well as create a more relaxed, casual vibe. But casual doesn't have to mean simple. At Powder Ridge Park there are many ways to craft a bite-sized event that's brimming with custom-curated details!

With 255 acres on Powder Ridge Mountain, you will be surrounded by natural beauty and picturesque views. Imagine arriving to your mountaintop ceremony in a chairlift as your guests wait by our gazebo or pondside with mountain views and lush landscape.

Our micro weddings are custom designed to ensure an unforgettable, stress-free ceremony. Then let the celebration continue with a cocktail reception and cake cutting held in a private area indoors or outdoors. Powder Ridge's micro weddings creates *your day, your way* with unforgettable memories.
